We now have paint your own pottery, fused glass, silver clay and wheel pottery.

Paint your own pottery is made by painting glazes on pottery. We fire it, and you have a delightful homemade keepsake. Fused glass is made by putting together special glass and firing it in the kiln. So easy and so pretty. Many colors available, and designs are limitless. Silver clay jewelry is made by stamping silver clay which is fired, burning off the organics and leaving pure silver jewelry. Great for beginners.

Come in and create your most special holiday ever, and have fun while creating. As always, free instruction and as much guidance as you would like.
